

NEWS RELEASE

West Fargo, North Dakota - Monday, July 20th
2020

Vector Control Board

Dr. Tim Mahoney MD
Clay Whittlesey
Dr. Joe Rinehart PhD

Ben Prather
Director

Cass County Vector Control has **RESCHEDULED** aerial **spraying** for elevated mosquito nuisance in the following communities on the day(s) listed, weather permitting:

Wednesday, July 22th, 2020 8:00 PM
City of Fargo, City of Moorhead, City of West Fargo

**Light rainfall in the spray block prohibited
satisfactory time to complete the application.**

The active ingredient in the ULV (Ultra Low Volume) spray is permethrin. These insecticides are labeled for use in residential areas and are found to be non-toxic to humans and pets.
