
SUBJECT: PLATTING AND LAND SUBDIVISION REGULATIONS

ADOPTED DATE: MAY 4, 1992

PAGE 2 OF 2

ROADS IN SUBDIVISIONS/SEWER PERMITS/SOILS TESTS

The Fargo Community Health Department shall file the results of percolation tests or soils tests and a copy of sewer permits with the County Planner, who will include the information in each subdivision file. The County Planner and States Attorney shall draft an agreement requiring residences to hook up to an approved community collection system if one is accessible within a definable range.

While the County does not have any responsibility for the roads in subdivisions, a clear statement shall be established for road responsibility in each subdivision.
