FLOODING

The County Road Department will keep specific detailed reports called "Disaster Survey Reports" and will send one copy to the North Dakota Division of Emergency Management, one copy to Federal Emergency Management Agency (FEMA) and retain one copy for the county file.

Whether or not the County holds any emergency funds in its treasury, no money will be allocated to eligible subdivisions such as townships unless and until the County has business papers/invoices first.

The State of North Dakota will require repayment of funds advanced to townships for any paper work not received to substantiate work completed. Payback is through the county.

The State of North Dakota will advise the county of the disposition of funds allocated for eligibility repairs.
