NDCC 11-11-14. Powers of board of county commissioners. The board of county commissioners shall have the following powers:

. . . "To construct and repair bridges and to open, lay out, vacate, and change highways in the cases provided by law. But the board may not contract for the construction of bridges costing more than one hundred dollars without first complying with the provisions of chapter 24-08."

(NOTE: See Resolutions which follow)
