

506 Breaks for Nursing Mothers

Effective Date: 05/07/2018

We provide reasonable unpaid break time each day to employees who need to express breast milk for their infant children. Break time under this policy runs concurrently with any meal and/or break times that may already be provided.

We provide a private area where employees may express milk. This area will comply with both federal and state law.

This policy may not apply when you are at customer or job sites, since we will have little ability to control the availability of private and secure locations for the expression of breast milk.

To ensure you are accommodated under this policy if you have a need to express milk, you must contact your supervisor or Department Head to make the necessary arrangements.
