**PREPARED BY:**  
**THE CASS COUNTY FINANCE OFFICE**

# Cass County Budget 2024

## Executive Summary

County Commission:  
Jim Kapitan- District 3  
Mary Scherling - District 5  
Chad M. Peterson - District 1  
Tony Grindberg - District 2  
Duane Breitling - District 4

## **RESOLUTION ON BUDGET POLICY**

**WHEREAS**, the Cass County Commission adopted the following mission statement for Cass County Government on January 28, 1991:

The mission of the Cass County Board of Commissioners:

- (1) To develop, approve and administer yearly budgets and set appropriate mill levies within statutory constraints.
- (2) To determine county policy and strategic planning decisions in conjunction with county functional directors to assure that county services mandated by statute, or determined by policy, are provided equitably to the citizens of Cass County.
- (3) To assure that property tax assessment and collection is accomplished as dictated by statute and determined by service level in serving the citizens of Cass County.

In addition, the Commission shall manage and maintain all county property, purchase, and dispose of such property and supervise the electoral process for the citizens of Cass County.

**WHEREAS**, in order to properly carry out the mission policy adopted by the Commission, we need to establish goals and strategies that we as a Commission will strive to follow this year and in future years concerning the county budget.

**THEREFORE, BE IT RESOLVED**, that the goal of the County Commission is to maintain the financial stability of Cass Government, while at the same time providing the services mandated by its constituents and mandates by State and Federal governments. Some of the strategies of the Commission in meeting this goal are as follows:

- (1) The Commission will budget in a manner that maintains cash reserves equal to 7%-10% of expected expenditures for each fund.
- (2) The Commission will seek, and will encourage all departments to seek, alternative funding sources for those programs that may be eligible for outside funding.

Budget items particularly capital projects and salaries must be detailed in each department's annual budget request, and if departments see a need to deviate from the original request, they will inform the County Commission prior to any expenditure.

## **SUMMARY OF FUND BALANCE POLICY**

**FUND BALANCE RESERVES:** In accordance with GASB Statement No. 54

**SCOPE/PURPOSE:** To accurately report and classify fund balances in accordance with GASB Statement No. 54 and to ensure the County maintains adequate fund balance reserves for the following:

- a. Provide sufficient cash flow for daily financial needs,
- b. Secure and maintain investment grade bond ratings,
- c. Offset significant economic downturns or revenue shortfalls, and
- d. Provide funds for unforeseen expenditures related to emergencies.

### **GOVERNMENTAL FUND DEFINITIONS:**

**Fund type definitions:** The following definitions will be used in reporting activities in governmental funds throughout County's financial statements. The County may or may not report all fund types in any given reporting period, based on actual circumstances and activity.

**General Fund** is used to account for all financial resources not accounted for and reported in another fund.

**Special Revenue Funds** are used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects.

**Debt Service Funds** are used to account for all financial resources restricted, committed or assigned to expenditures for principal, interest and debt service-related fees.

**Capital Projects Funds** are used to account for all financial resources restricted, committed, or assigned to expenditures for the acquisition of construction of capital assets.

### **MINIMUM FUND BALANCES:**

**General Fund:** The County shall maintain a minimum unassigned fund balance in the General Fund ranging from not less than 17 percent to 25 percent of the subsequent year's budgeted expenditures and outgoing transfers. The minimum fund balance is to protect against cash flow shortfalls related to timing of projected revenue receipts and to maintain a budget stabilization commitment.

**County Road and Bridge Fund:** The County shall maintain a minimum unassigned fund balance in the County Road and Bridge Fund of 17 percent to 25 percent of the subsequent year's budgeted operating expenditures. Operating expenditures are the total fund expenditures less the bridge and road construction expenditures. The minimum fund balance is to protect against cash flow shortfalls related to timing of projected revenue receipts and to maintain a budget stabilization commitment.

**Human Service Zone Fund:** The Human Service Zone Fund is used to account for State of North Dakota grant funds and other income for the operation of the Human Service Zone. State law requires the Fund Balance of the County's Social Service Fund be transferred to the Human Service Zone Fund on January 1, 2020. After calendar year 2020, the Fund is limited to no more than \$500,000. If, due to unforeseen or other extenuating circumstances, a Human Service Zone's formula distribution payment, the County's cost allocation of indirect costs, and balance of moneys carried over pursuant to the \$500,000 limitation above are not sufficient to meet the expenses of the Zone, the director of State Human Services may approve a transfer from the State Human Service Finance Fund to the Zone. If the Human Service Zone Fund on January 1st of each year after calendar year 2020 exceeds the limit noted above, the state will reduce the Human Service Zone's formula payment for that year.

**Replenishing Deficiencies:** When the fund balance falls below the minimum 17% to 25% target range, the County will replenish shortages/deficiencies using the budget strategies and timeframes described below:

- Reduce recurring expenditures to eliminate any structural deficit
- Increase revenue, pursue other funding sources

- Some combination of the two options above.

Minimum fund balance reserves shall be replenished within the following timeframes:

- Fund balances that fall between 15% and 17% shall be corrected within 1 year
- Fund balances that fall between 10% and 15% shall be corrected within 3 years or less
- Fund balances that fall between 0% and 10% shall be corrected within 5 years of less

**Special Revenue Funds:** Special levy funds account for the proceeds of specific revenues. Special Revenue funds will have unique criteria for reserves based on the use and objective of the fund, for special revenue funds other than the Human Service Zone Fund and County Road and Bridge Fund as noted above, the County shall maintain a minimum unassigned fund balance from 7% to 10% of the preceding year's operating expense with the exception of the Emergency and Flood Mitigation Fund. The Emergency and Flood Mitigation Fund is used to provide funds for emergencies caused by nature and for flood mitigation (control) projects. This Fund is the major source of dollars to bridge the time frame when funds are expended on emergency measures and the reimbursement of dollars from state and federal agencies which may take several years. As such, the minimum unassigned fund balance will be stated in terms of dollars and be adjusted periodically based upon the history of emergencies and the dollars needed to fund those emergencies. The Cass County Commission will review the fund balance requirements when considering the next year's budget.

**Debt Service Funds:** The objective of designated Debt Service Funds is to accumulate principal and interest payments maturing in future years. At a minimum, each debt service fund shall maintain reserves sufficient to meet bond covenants and current year obligations. A viable revenue source must be identified and maintained for all long-term obligations. Debt service fund balances, revenues, and expenses will be reviewed during the annual budget process; insufficient revenue and or reserves shall be addressed as part of the annual budget process.

**Capital Project Funds:** The County will maintain a Capital Projects Fund to fund the County's five-year master facilities plan. The fund will be supported by a property tax levy as determined by the Cass County Commission. Additional capital project funds will accumulate costs, any off-setting revenue, and debt proceeds related to long term capital projects. Capital project funds will typically be resolved with permanent long-term debt financing, which will be determined prior to incurring any expenditures. At the time of completion, the capital project fund will be closed with proceeds from permanent financing, and multiple projects will require separate and distinct capital project funds.

**Internal Service Funds:** The business type activity funds of the County include Motor Pool, Telephone Trust, Health Insurance Trust and Dental Insurance Trust; these funds shall systematically retain an unassigned fund balance between 25% and 50% of the preceding year's operating budget. Internal Service Funds are required to be self-sufficient in activity and will establish rates sufficient to maintain and grow fund equity. In the event a Commission directive allocates funding from equity, a plan and time frame not to exceed 3 years needs to be included in the budget process to restore the established one year's operating fund equity requirement.

**Expending Fund Balance Reserves:** Fund balance reserves are maintained to prohibit and or minimize interruption in operations, unmet obligations, and opportunity costs. Fund balance reserves will only be made available for extraordinary events such as:

1. Major projects that are long term in nature.
2. Temporary gap financing pending permanent financing and/or grant monies.
3. Disaster recovery.
4. Potential service disruptions.

Reserves may only be committed upon approval of the Cass County Commission.

## **SUMMARY OF WAGE AND SALARY POLICY**

Cass County shall maintain wage and salary administration system for all employees. Annually, as part of the budget development cycle, the Board of County Commissioners shall set the specific structure for pay administration plan based on the financial condition of the County, changing personnel needs/concerns that are identified through Department reviews, and the changing community pay standards. The Commission may choose to distribute salary adjustments based on cost of living increases, merit, changes in the grades/classification, and/or changes in community salary standards.

Every three years, Cass County will conduct a comprehensive system review that includes both a review of all positions and a market study to determine the base for the County salary scale. Between studies only special adjustments will be considered based on documented significant changes.

Each department head is accountable to forecast and control salary expenditures within the approved annual salary budget. Salary adjustment increases outside the annual pay administration schedule shall be initiated by the request of the department head, approved by the County Commission, and administered by the Personnel Office.

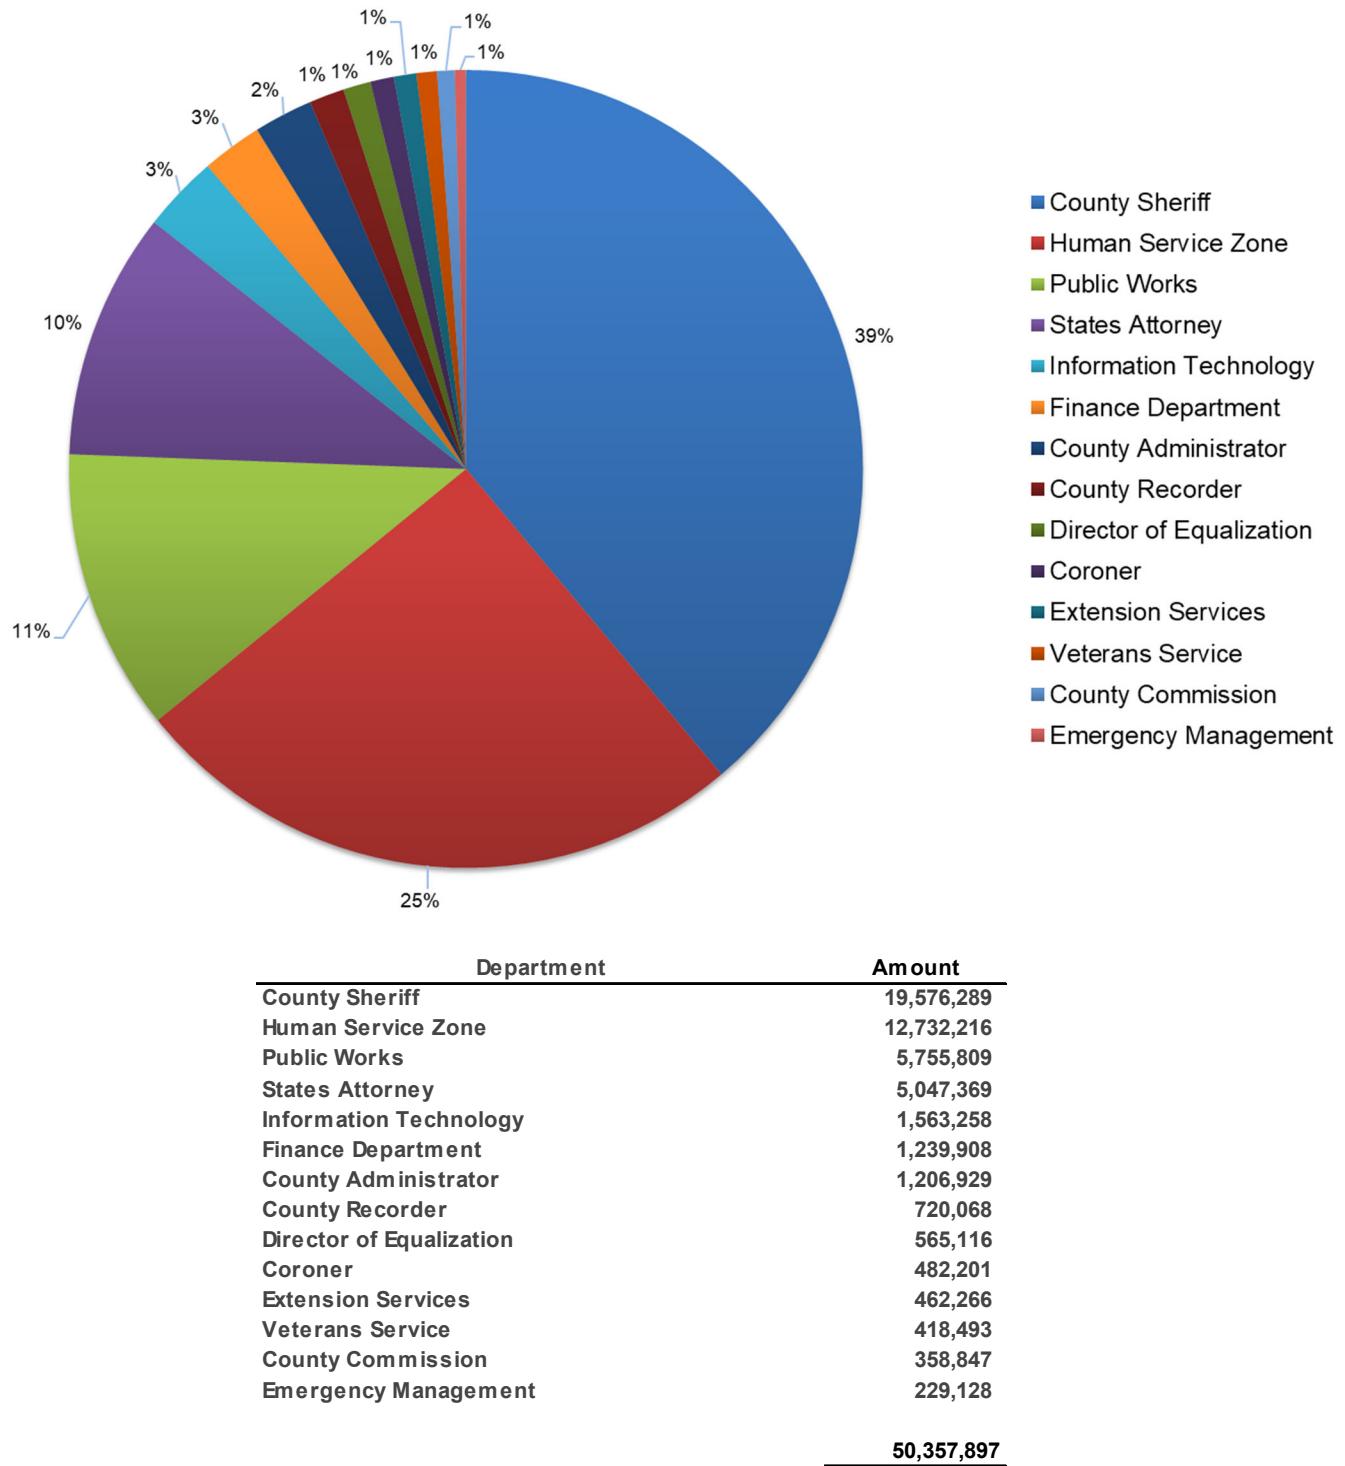

**Overview of the Classification System:** All positions within Cass County have been assigned a Decision Band Method (DBM) rating by the County's professional consultant. These ratings are the current structure for the pay and classification system. A Position Analysis Questionnaire (PAQ) or Position Information Questionnaire (PIQ) for Social Services are filed in the Human Resources Department for all standard positions. These positions will all be assigned a position number. PAQs are to be completed by the employee and to be reviewed by supervisor and department head. Each PAQ/PIQ designates essential functions according to the Americans with Disabilities Act.

Certain designated positions have specific training and/or experience requirements related to their DBM rating/classification. When an employee meets those specific requirements the positions classification (DBM rating) is adjusted. Currently, this policy applies to Sheriff's Staff, State's Attorneys, and Social Services financial workers.

**Lateral Transfer:** If an employee is transferred or transfers to a class of comparable value or worth as determined by the DBM rating method, he or she will not receive an adjustment in pay, and the employment status date will not change.

**Salary Increases:** All salary increases are contingent on satisfactory performance of assigned duties and responsibilities as documented through annual performance evaluations and subject to County Commission approval. Employment status date will change.
